

Parade Safety Tips and Rules

1) The first order is to have loys and lots of fun.

2) Parade Formup & Start...

Enter off Bechtel St. Do not come in Groh Ave.

Parents park in parking lot by sports fields and walk your children to your float. **No passenger vehicles allowed on Groh Ave.** For people with disabilities please see the Optimist members at the top of Groh to arrange a ride to your float.

3) Please be in your line
up position by 11:30.

4) Do not throw anything off the float.

5) Please stay seated or stationary on your float.

6) Please keep 40 yards distance between entries. Even when the flow slows down or stops. This will give the impression of a longer parade.

7) The parade ending point will be at Queen & Tannery this year as we think the narrow corner @ Tannery will be difficult to navigate around. **So we will not be going up Tannery to Adam.** Please off load passengers from large floats between Tannery and Cooper quickly like in 2-3 minutes.

An alternative for smaller floats would be to off load in the Johnson Centre or Hespeler Baptist church parking lots. St Mary's church lot is reserved for patrons parking. Entries behind a large truck please pass by the stopped float and carry on to another disembarkation point.
